Are you ready for the REAC Inspections? ... Is your staff ready?

Two Full Days of "Need to Know" UPCS Inspection Protocol information

designed specifically to help you comply with IRS, USDA and HUD FedRegs...plus, raise your organization's PASS/REAC scores! For starters: A full copy of the REAC protocols, criticality for each possible defect, updates and addendums to the UPCS protocols (some as recent as last month), color copies of our PowerPoint presentations of actual defect deficiencies, a suggested glossary of terms for use in regular inspections/work orders and explanations of how different properties are scored. Learn how to prioritize defects with realistic and inexpensive remedies that work for improving REAC scores.

Remember- these PASS Inspections now account for *40% of your PHAS score.*

All attendees will also receive a certificate of completion (w/5 CEUs), plus much...much more! Don't wait, *our last six classes all sold-out.*

Put our experience as REAC/UPCS inspectors and consultants to work for you.
